WELCOME TO THE BROOK

We extend a warm welcome to the players and officials of Epsom & Ewell for this Cherry Red Records Combined Counties League Division One match. We hope you have a pleasant stay with us, along with the referee Ahmad Rafique and his assistants David Lofgren and Ali Matour.

Pre-season commenced for us on Tuesday 23rd June in strange circumstances in that we did not see or kick a ball for the first three weeks. The lads were great and worked really hard with bleep tests, 5km runs, horse-shoe runs, cross country and getting weighed!

I am really pleased to say that we have retained most of our squad other than the departure of Nathan Dennis to neighbours Southall. We all wish him well for the season. We also have a number of new additions which will make competition for places really strong.

We were scheduled to start our friendlies on Saturday 1st August but we had a COVID-19 incident which resulted in testing all staff and players and a 10 day lay off until Tuesday 11th August. Our schedule thereafter was as follows:

11/08/2020 - Edgware Town (2) v AFC Hayes (2)
15/08/2020 - North Greenford United (2) v AFC Hayes (3)
20/08/2020 - AFC Hayes (2) v Aylesbury Vale Dynamos (4)
22/08/2020 - AFC Hayes (1) v Chalfont St Peter (1)
25/08/2020 - AFC Hayes v Southall PP
29/08/2020 - Hillingdon Boro v AFC Hayes PP
01/09/2020 - AFC Hayes (0) v Uxbridge (0)

We have had some really good performances and results while trying out new formations and looking at new players. We always look to play against higher opposition so that we really test ourselves and the players.

Obviously it is about getting game time and sometimes the results are not as important, but it does get you into good habits and levels of performance/expectation.

LEAGUE PREVIEW

So we have a second chance to finish in the top four of the Cherry Red Records Combined Counties League Division One.

This will earn us promotion to what will be a restructured Football Pyramid from next season.

It should have been happening now but Covid-19 put paid to that.

In short, the 2019-20 was made null-and-void but we have printed on page 13 what became the final table when the season was halted in mid-March.

The obvious point to make was that Jersey Bulls had effectively taken the title although not mathematically.

Should they have been allowed to get promoted? Everyone will have their views on this one.

But league rules should now be adjusted if this type of scenario should happen again.

Hopefully we can avoid alogarithms but surely a simple points per game would suffice provided at least half of the season is played.

Maybe some adjustments are necessary because of the irregular number of games that are played at any point of the season particularly during the winter months.

When the 2019-20 campaign came to a halt, FC Deportivo Galicia had played 30 but AFC Hayes had played only 22.

Maybe it should be based on the lowest number of games played - in this instance 22.

Then calculate how many points each team had after 22 matches. However they could receive a bonus points per game if their form improved in their remaining matches. However, no penalty if their form declined.

This is something the league hierarchy need to look at as it is possible there could be more disruption before the Covid-19 is under control.

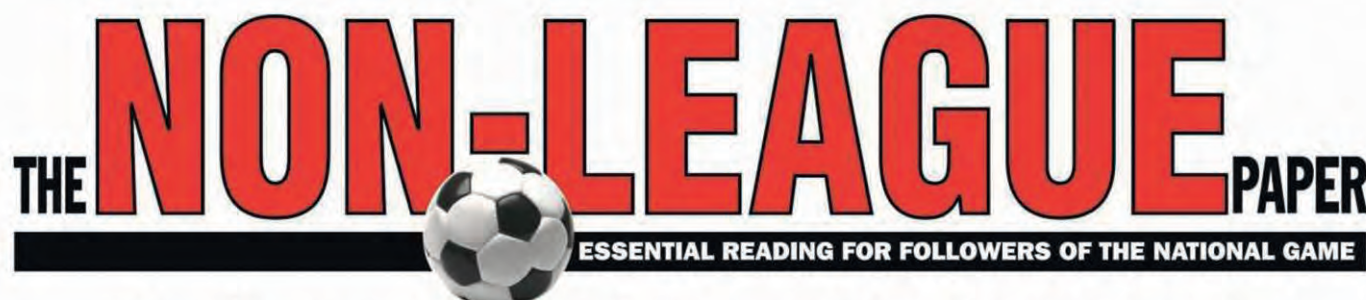

As it is, it is probably to AFC Hayes' advantage that we are having a re-run of the 2019-20 league season but certainly not for Jersey Bulls. They should have been allowed to be promoted.

There is uncertainty about Jersey Bulls' situation. Will clubs be able to travel to their ground and what are their arrangements for away fixtures?

On the field a key question is will any side be able to take a point off Jersey Bulls or even beat them. The Brook gave them a run for their money at Farm Park so could AFC Hayes be the team to celebrate a memorable result against The Bulls?

There may be a few teams that will have better seasons including AFC Hayes so the final four could be a little different than the way the last campaign finished in mid-March.

The top four could be Jersey Bulls, AFC Hayes, Epsom & Ewell and Godalming Town and the bottom four: Chessington & Hook, Ash United, Cove and Bagshot.

FOCUS ON EPSOM & EWELL

We were founded in March 1918 as Epsom Juniors Cricket Club and played throughout the summer.

In the autumn, Epsom Juniors FC came into being and played a handful of games from what is now known as Alexandra Recreation Ground. Competitive football followed as we entered the Surrey Junior League in 1919, and became founder members of the Sutton & District League in 1920.

In 2016-17 Epsom & Ewell started the season with an incredible 9-2 win at newly promoted Bedfont & despite trailing 2-0 at half time and went on to repeat our fourth place finish in the League. In addition, we reached the League Cup final but were defeated 4-1 by Westfield at Windsor.

However, in the summer of 2017, we suffered a large player exodus with a substantial number joining local rivals Sutton Common Rovers. Glyn was unable to replace them with enough players of real quality and three quarters of the season was spent at the foot of the table. His resignation in January 2018 led to the club promoting our coach Neil Grant into the manager's role and although he managed to get us off the foot of the

table, relegation was always likely and was confirmed in mid-April; not a great way to celebrate our Centenary!

The attempts at bouncing straight back did not start particularly well and Grant departed in October. He was replaced by Simon Funnell, who stepped up from his assistant role and oversaw a good run of results which took us as high as eighth with the consolation of reaching the Division One League Cup Final at Meadowbank.

Unfortunately the 2019-20 campaign started poorly and Funnell resigned at Christmas. His assistant Sam Morgan was appointed to the role and with his new Assistant Tim Moffatt they oversaw an undefeated league run that took us up to the abandonment of the season.

The 2020-21 season commences with another ground move, this time to Leatherhead's Fetcham Grove ground after several years at Chipstead. The target of promotion back into the top flight of the Combined Counties League remains the same as the previous year.

Meanwhile, the search continues for a new ground back in the Borough...

ROUND THE PYRAMID

● The ex-Luton Town and Crystal Palace man, 40, has come out of retirement to join the NWCFL Division One North club, who will be managed this season by former Chesterfield and Notts County striker Glynn Hurst. FA Cup winner Boyce, who played eight Premier League seasons, as well as internationally for Barbados, left Blackpool back in 2016.

● Northampton Town have signed Ricky Korboa from Carshalton Athletic. The forward joins Keith Curle's League One newcomers for an undisclosed fee. Korboa has scored over 150 goals for Carshalton, having previously been with the club's academy. Chairman Paul Dipre told the club's website: "Ricky is a role model for all young players. He's been hard-working, loyal and committed. Most importantly, he's waited patiently for the right move, and Northampton Town is a perfect move for Ricky."

● He started his career at AFC Hayes and now he has signed for Championship side Brentford.

What a career so far for central defender Charlie Goode learning his trade with us at Step Four in the Southern League.

There was plenty of joy when he made the Football League after a short spell with Hendon.

League One Scunthorpe snapped him up and after a few seasons with The Iron Charlie joined Northampton Town where he was captain. And now the dream move

More accuracy, more control more power.
